CONNECT

Find and connect with reps and medical liaisons.

RxVantage makes it easy to find reps and medical liaisons so you can message them, request a meeting or call them to get the information you need, fast.

MEET

Automate rep scheduling, in-office and offsite.

RxVantage eliminates the need for dedicated staff time to handling meeting logistics. Create a visitation calendar and invite reps to book appointments online, instead of at your check-in window. Customize visitation rules and RxVantage automatically enforces them to ensure you meet with the right reps, at the right time.

ASSIST

Search all patient assistance programs in one place.

With one search, your staff can help patients find assistance programs, co-pay cards and the lowest cost prescriptions from thousands of local pharmacies.

The modern way
providers and life science
companies **connect**.

RxVantage, a smart
and **easy** solution.

Smart rules engine

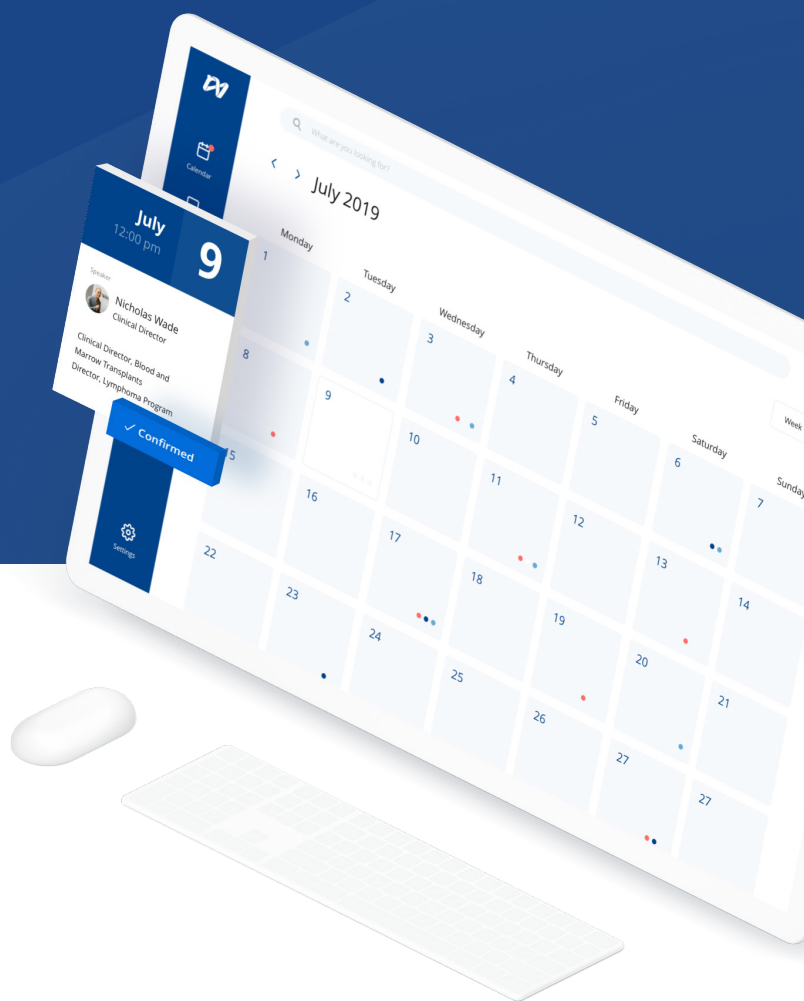

The rules engine gives your practice control over the characteristics, frequency, topics and any other attribute you wish to define. So, you'll have more relevant meetings with reps.

Control access and permissions

We make it easy for providers and staff to join your account. Staff with administrative rights have the ability to set permissions to control what each user can access.

Reporting and Analytics

With RxVantage, you'll have a record of every interaction with life science companies. Enhance your booking rules with and drive toward meeting the right rep with the right info at the right time.

Be in complete control

RxVantage is completely customizable, so you can make it work best for your specific practice needs.

No software to install

RxVantage is a cloud-based application accessible via any web browser. It takes just 15 minutes to configure a new office account.

Support when you need it

Our team is here to make everything seamless. Get answers by phone, email, or visit the Support Center 24/7 to find useful tips, articles, and videos.
